FROM.

**R. E. L. WINGATE, Esquire, I.C.S.,**

*Secretary to the Hon'ble the Agent to*

*the Governor-General in Rajputana.*

TO

**THE PRINCIPAL,**

**MAYO COLLEGE, AJMER.**

*Dated Camp Ajmer, the 4th November 1925.*

Sir,

I am directed to acknowledge the receipt of your letter No. 2506/11, dated the 16th October 1925, regarding the Annual report on the working of the Mayo College for the year ending the 30th April 1925.

2. The Hon'ble the Agent to the Governor-General has read the report with interest and I am to express his appreciation of the continued satisfactory state of the finances and of the remarkable results of the Diploma Examination. He considers the whole position of the College as eminently satisfactory, for which state of affairs he congratulates the Principal and his staff. The number of boys on the roll appears to him to be just about the maximum which can be dealt with efficiently by the existing staff.

I have the honour to be,

Sir,

Your most obedient servant,

**R. E. L. WINGATE,**

*Secretary to the Hon'ble the Agent to*

*the Governor-General in Rajputana.*

FROM

TO

THE SECRETARY TO THE HONOURABLE,  
THE AGENT TO THE GOVERNOR-GENERAL,  
RAJPUTANA,  
MOUNT ABU.

*Dated Mayo College, Ajmer, the 16th October, 1925.*

SIR,

I have the honour to submit for the information of the Hon'ble the Agent to the Governor-General and Chief Commissioner, Ajmer-Merwara, the Annual Report of the working of the Mayo College for the year ending 30th April 1925.

2. Annexure A, contains a list of the Members of the General Council and the Managing Committee of the Mayo College.

GENERAL COUNCIL  
AND MANAGING  
COMMITTEE.

The proceedings of the General Council and the Managing Committee are dealt with in a later paragraph.

3. The following changes in the staff took place:—

THE STAFF.

Mr. W. Fanshawe, English Assistant Master returned from leave and resumed charge of his duties with effect from 20th November 1924.

Mr. F. A. Leslie-Jones, Principal, Mayo College returned from leave and resumed charge of his duties from the 11th November 1924.

Mr. S. F. Madden, Officiating Principal, Mayo College reverted to the post of Vice-Principal with effect from the 11th November 1924.

Pandit Hira Lal Joshi acted as Temporary Indian Assistant Master during the absence of Mr. Fanshawe from the 14th January 1924 to 19th November 1924.

4. The number of boys on the College roll at the end of last year was 140. During the year 15 boys left and 9 joined the College, leaving the total at the end of the year 134.

THE COLLEGE ROLL  
Total number.

Annexure C gives the names of the 15 boys who were withdrawn during the year, their ages, States and the period of their stay at the College. Eight of these belong to Rajputana, 3 to Central India and 4 to other States.

Withdrawals.

Kanwar Lakshman Singh of Kathiawara, C. I. left after passing the Higher Diploma Examination.

Sahibzadah Iqbaluddin Haider of Sheikhpur, Badam left after passing the Diploma Examination.

Maharaja Gulab Singh of Kotra, Kotah left to join the 16th Cavalry at Jhansi for military training.

The others were withdrawn on account of age or for domestic reasons.

Annexure D gives the names of the 9 boys who were admitted during the year with the names of their parents, dates of joining and the States from which they came.

Admissions.

Of the 9 new boys, 5 came from Rajputana, 2 from Central India and 2 from other States.

Of the 5 Rajputana boys, one each came from Jaipur, Kotah, Bharatpur, Mewar and Tonk.

As regards age and attainments the new admissions were fairly satisfactory.

The Bundi, Sirohi, Jhalawar and Karauli States were unrepresented at the end of the year.

Students Account, Athletic Fund.

A sum of Rs. 356-0-7 was spent in the purchase of squash racquet balls, peacock badges and shoulder elmins.

**Temple Fund.**

The Temple Fund which is maintained by voluntary subscriptions received Rs 923-8-0 during the year. A sum of Rs. 501-1-3 was spent on the temple service.

**Budget Estimates for 1925-26 Mayo College Fund.**

The Budget Estimate of the Mayo College Fund for the year 1925-26 is given in Annexure I.

The income of the Mayo College Fund including contributions from the Games Fund and the Post-Diploma Course Fund for 1925-26 is estimated at Rs. 1,82,286 against which an expenditure of Rs. 1,78,527 is proposed leaving a surplus of Rs. 3,759.

The closing balance of the Fund on 31st March 1926, is therefore estimated at Rs. 1,03,568 as detailed below:—

|   |     |     |                |
|---|-----|-----|----------------|
| Opening balance on 31st March 1925                | ... | ... | Rs. 99,809 0 0 |
| Surplus of income over expenditure during 1925-26 | ... | ..  | 3,759 0 0      |
| Total   | ... | Rs. | 1,03,568 0 0   |

**Post Diploma Course Fund.**

The Budget Estimate of the Post-Diploma Course Fund for the year 1925-26 is given in Annexure J.

The income of the Post-Diploma Course Fund being the donations from Princes and interest on unutilized amounts is estimated at Rs. 39,760 and the expenditure at Rs. 36,910 giving a surplus of Rs. 2,850.

The closing balance of the fund on 31st March 1926 is therefore estimated to be Rs. 1,76,511 as detailed below:—

|   |     |     |                  |
|---|-----|-----|------------------|
| Opening balance on 31st March 1925                | ... | ... | Rs. 1,73,661 0 0 |
| Surplus of income over expenditure during 1925-26 | ... | ..  | 2,850 0 0        |
| Total   | ... | Rs. | 1,76,511 0 0     |

**Play and Medical Fund and Games and Stationery Fund.**

The Budget Estimate of the Play and Medical Fund and Games and Stationery Fund for the year 1925-26 is given in Annexure K.

The income of this fund is estimated at Rs. 24,045 and the expenditure at Rs. 18,200 leaving a surplus of Rs. 5,845.

The closing balance of this fund on 31st March 1926, will therefore be Rs. 22,264 as detailed below:—

|   |     |     |                |
|---|-----|-----|----------------|
| Opening balance on 31st March 1925                | ... | ... | Rs. 16,419 0 0 |
| Surplus of income over expenditure during 1925-26 | ... | ..  | 5,845 0 0      |
| Total   | ... | Rs. | 22,264 0 0     |

It will therefore be seen that the various funds controlled by the College are generally in a satisfactory condition. The estimated balance however on the College fund is small and gives little margin for unforeseen expenditure, and practically none for the expansion.

**GIFTS**

Thakur Rameshwar Singh of Bandanwara, Ajmer, Thakur Govind Singh of Raipur, Marwar, and Raja Pashupati Pratap Singh of Bansi, U.P. Old boys of the College presented a sum of Rs. 150 each for the purchase of 3 marble seats for the sides of the approach road to the East wing of the College.

Maharaj Fateh Singh of Jodhpur has promised to present annually a gold medal to be awarded to the student who in the Diploma examination does best in the combined subjects of Indian History, English History and Geography; the stipulation being made however that to win the medal a minimum of 50 per cent of the marks must be obtained.

I am glad to be able to record that all the buildings for which the College is responsible are now supplied with electric power, derived from the power house of the B. B. & C. I. Railway, Ajmer. The relief thus afforded is very great and the thanks of the College are due to those who subscribed to the "General Improvement Fund" which was started in 1923. Without their generous assistance it would have been impossible to attempt the scheme. The Jaipur Darbar have been especially generous. In addition to installing the New Bharatpur House, and the Jaipur State House, they contributed Rs. 15,000 to the General Scheme. Funds were also provided by the Commissioner, Ajmer-Morwara, for the installation of the Ajmer House, and by the Jodhpur Darbar for the installation of the Jodhpur House. It is hoped that other States will follow the example of Jodhpur and Jaipur and provide the necessary funds for the installation of their houses. The sum required in each case is not great, roughly about Rs. 2,500.

Installation of Electric light and fans.

The main part of the internal work was carried out by the English Electric Company, Bombay, who were found to be both obliging and efficient.

The contract for the mains was given to the Rajputana Electric Syndicate, who also carried out their work in a satisfactory manner.

The whole of the work was supervised by the Executive Engineer, Ajmer, Mr. Olliff-Lee, to whom our thanks are also due.

9. The course of studies was practically unchanged and is given in Annexure L.

SCHOOL WORK.

The Diploma Examination was conducted in April 1925, under the orders of the Government of India, by Mr. R. Littlehales, Offg. Educational Commissioner with the Government of India.

Annual Examination.  
Diploma Class.

The result of all the Chiefs' Colleges is given in Annexure M.

The written examination lasted from 14th to 22nd April 1925 while the oral and practical tests were taken by the examiner during the inspection of the College.

Eight candidates from the Mayo College appeared for the Diploma Examination, all of whom were successful.

Two of the successful candidates were placed in the Second Division and 6 in the Third. Two candidates gained distinctions in one or more subjects.

The success of the eight candidates in the Diploma Examination reflects immense credit on both the boys themselves and on the teaching staff, which was handicapped for fully half the school working year by the absence of two of the English teachers. The natural ability of the majority of the candidates was below the average, and that they should have all proved successful is a tribute both to the industry of the boys and the efficiency of the teaching.

The total number of boys in the three Post-Diploma classes was 7.

Post-Diploma Classes.

One candidate Sahibzadah Sheikh Afzaluddin Haider of Shaikhupur, Badam appeared for the Higher Diploma Examination and passed with credit.

The examination of the 1st and 2nd Year Post-Diploma Classes and Classes II and III was conducted by means of written papers and that of the lower classes was mainly oral.

1st and 2nd year Post-Diploma Classes and Classes below the Diploma.

In all classes out of 134 boys on the roll 126 were present at the examination.

The following is a summary of the results of all the examinations:—

| Class.                             | No. of boys in class. | Number examined. | Number passed in all subjects. | Number failed in one or more subjects. |

Altogether 71 out of 126 boys examined passed in all subjects, the percentage of passes being 56·35 as against 66·41 last year.

**Inspection.**

The inspection of the College was conducted by Mr. R. Littlehales, Offg. Educational Commissioner with the Government of India.

His report on the Mayo College is printed in Annexure N. and does not appear to call for any comment.

**OUT-DOOR LIFE.  
Cricket.**

10. Cricket matches were played by three elevens as follows:—

| Teams.        | Matches. | Won. | Lost. | Drawn. |
|---------------|----------|------|-------|--------|
| 1st XI ... .. | 8        | 1    | 5     | 2      |

| Total ... ..  | 19       | 10   | 7     | 2      |

The College XI was defeated in the 2nd round of the Colvin Shield Tournament by the Carriage and Wagon XI who were the ultimate winners.

Football matches were played by five elevens as follows:—

Football.

| Teams. |     |     |     |     | Matches. | Won. | Lost. | Drawn. |
|--------|-----|-----|-----|-----|----------|------|-------|--------|

| Total  |     |     |     |     | 47       | 26   | 11    | 10     |

There were the usual five divisions for Athletic Sports. No new records were set up this year, but on the whole the level of performance was quite satisfactory. It is however disappointing to find that once again no award could be given for the Milo race.

Athletic Sports.

*Athletic Sports.*—The Jaipur House won the Narsingarh Athletic Shield.

Inter-House Tournaments.

*Cricket.*—The Portman Cricket Cup was won by the combined Bikaner and Tonk Houses.

*Hockey.*—The Private Boarders won the Inter-House Hockey Sixes.

*Football.*—The Football Cup was won by the Private Boarders.

*Tennis.*—The Alwar House won the Victor Narayan Tennis Cup.

The Tent-pegging Competition was won by a half section representing the Jodhpur House.

The Panna Cup for General Horse Mastership was won by Maharaj Kumar Ram Ranbijai Prasad Singh of Dumraon.

I regret that it has been found necessary definitely to abandon the contest with the Aitchison College, Lahore. The distance between the two Colleges, and the expense of the undertaking are disadvantages which I consider outweigh the advantage of the stimulus which the contest most certainly gave to keenness in athletics. An unsuccessful attempt has been made to arrange a contest with the Dally College, Indore. The increased numbers in the school have however given more life to Inter-House Competitions which arouse very considerable enthusiasm and it has been found possible to arrange a considerable number of local matches for the various College teams.

The College Cadet Corps is in a very flourishing condition. That it is so is due to the energy of Mr. Fanshawe and Major Howson; the severance of the connection of the latter with the College is greatly to be deplored.

A considerable number of boys play polo. Games with the exception of polo are compulsory. It is however gratifying to see that on holidays increasingly large numbers of boys turn out for voluntary games.

## Boarding Houses.

11. The distribution of boys by houses at the end of the year was as follows:—

|                                 |     |     |     |     |     |     |

## House Gardens.

The prizes for the House Gardens were adjudged by Mrs. Shipp, Mrs. Howson and Mr. C. A. Cooke who awarded Her Excellency Lady Willingdon's Cup for the best House Garden to the Bharatpur House.

At the Ajmer Flower Show the College's gardens secured 41 prizes.

## Monitors

The Monitors were 2 in number. They were:—

1. Patait Gauri Shanker Shikhar Deo of Gangpur.
2. H. H. Maharajal Lakshman Singh of Dungarpur.

In spite of some disappointments I am still hopeful for the ultimate success of the system at the Mayo College where the tradition which gives it such power in an English Public School is still in its infancy.

NOTE-WORTHY  
EVENTS.  
Prize giving.

12. The annual prize-giving took place on the 5th March 1925, when the Hon'ble Sir Robert Holland, K.C.I.E., C.S.I., C.V.O., I.C.S., Agent to the Governor-General in Rajputana presided and distributed prizes.

The prize-giving was attended by H. H. the Maharaj Rana of Dholpur and the Raja Dhiraj of Shahpura and some 32 Old Boys and a large number of visitors both English and Indian were also present.

After prize-giving the guests were entertained by Mr. Leslie-Jones on the cricket ground.

The Old Boys Gathering was held in connection with the prize-giving. Cricket, Football and Polo Matches were played between the Past and Present.

Old Boys Gathering.

A meeting of the General Council was held on the 4th March 1925, when the Hon'ble the Agent to the Governor-General, Rajputana and 14 members and representatives of members were present.

Meeting of the General Council.

The Council deferred the consideration of the following questions to a subsequent meeting of the Council:—

- (1) Constitution of the Mayo College with reference to a draft constitution framed at an informal discussion held at Mount Abu.
- (2) Institution of a permanent Old Boys Advisory Committee as drafted by H. H. the Maharaja of Bikaner at an informal discussion held at Mount Abu.
- (3) Appointment of a standing Financial Sub-Committee.
- (4) Establishment of an Officers Training Corps.
- (5) Qualifications of Motamids.

With regard to the proposed changes in the course of the Post-Diploma classes the Vice-President of the Council explained the action which had already been taken by him in order to obtain the sanction of the Government of India for the proposed changes in the Higher Diploma Course. Further consideration of the question was postponed.

With regard to the age for admission the Council postponed a final decision in the matter. They however recorded their concurrence with the opinion of the Managing Committee that the admission of any boy over the age of 13 years who has gained the special permission of the Vice-President must depend upon his satisfying the Principal as regards his educational qualifications.

A meeting of the Managing Committee was held on the 3rd March 1925, when the Convener and 5 representatives of members were present.

Meeting of the Managing Committee.

(a) The Committee considered the question of the appointment of a Sub-Committee to go into the question of appointment of a good Shastri and the provision of good religious instruction and resolved that owing to the probability of Pandit Bulaki Ram returning to duty at the College on 1st May 1925, there was no necessity to form the suggested Sub-Committee. The Principal was asked to address the Bharatpur Darbar, pointing out the inconvenience caused to the College by the uncertainty of the date of Pandit Bulaki Ram's return to his appointment and to say that no further extension of the Shastri's deputation to the Bharatpur Darbar could be considered unless it were intended to re-engage him for a period of not less than five years.

(b) The Committee resolved that the Principal should endeavour to arrange for occasional lectures on Rajputana History and traditions for the upper classes.

(c) It was resolved that it was not possible to make Rifle Shooting a part of the curriculum, but that if any parents or guardians were desirous of having such instruction given and were willing to pay for the ammunition and the Rifles, endeavours would be made to give such boys the desired instruction.

(d) It was resolved that the present rule with regard to the age of admission of boys to the College should remain as it is and that in the interpretation of it the Principal should use his discretion.

(e) It was resolved that the Committee accepted the principle that all appeals for funds for the Mayo College should only be made through the General Council.

(f) It was resolved that the question of the investment of College funds should be left to the Managing Committee who would take expert advice when necessary.

(g) It was resolved that the existing balance of Rs. 2,951-10-0 from the contribution made by the Gwalior Durbar for the equipment of the laboratory, which had been credited to the Mayo College Fund should be re-appropriated and that the Principal should address the Gwalior Durbar enquiring their wishes as to the disposal of the sum, at the same time indicating useful ways in which it might be spent for the benefit of the College.

(h) It was resolved that Public Works Establishment Charges should not be charged for the maintenance and repair works of the buildings owned by State, but that these charges should be retained for original works.

(i) It was resolved that instead of the re-establishment of a Police Guard at the College five uniformed day Chowkidars should be appointed as an experimental measure.

(j) The Committee sanctioned the expenditure of Rs. 5,000-0-0 from the Mayo College General Improvement Fund for the purpose of erecting fencing at certain places on the College boundaries.

(k) It was resolved that an additional clerk should be appointed on the Rs. 40-3-55 grade at the initial pay of Rs. 19-0-0.

(l) It was resolved that the Revised Budget Estimate for 1924-25 and the Budget Estimate of the Mayo College Fund for 1925-26, subject to certain alterations arising from the Committee's decisions on other questions should be accepted.

(m) It was resolved that the Revised Budget Estimate for 1924-25 and the Budget Estimate for 1925-26 of the Post-Diploma Course Fund should be accepted.

(n) It was resolved that the Revised Budget Estimate for 1924-25 and the Budget Estimate for 1925-26 of the Play and Medical Fund and Games and Stationery Fund should be accepted.

13. In conclusion I have to thank my staff both English and Indian for their loyal support and especially Mr. S. P. Madlen and Col. U. C. H. Twiss who bore the heat and burden of the year under report.

I have the honour to be,

Sir,

Your most obedient servant,

F. A. LESLIE-JONES.

Principal, Mayo College, Agra.

### Inspector's Report on the Mayo College.

#### Mayo College, Ajmer.

*(Inspected on Friday, the 13th March and on Monday, the 16th March 1925).*

**Management.**—The General Council of the Mayo College contains a minority of officials and a large majority of ruling princes in Rajputana, Central India, Bombay and Kashmir. The Managing Committee consists of an even larger majority of princes, mostly elected, and of only three officials. The control of the college is thus largely vested in the ruling princes.

**Finance.**—The financial position of the college is much more satisfactory than it was a few years back. At the end of the year 1921-22, the college closed with a deficit on its current account of over Rs. 5,000; at the end of the year 1924-25 this deficit was expected to be transformed into a surplus of over a lakh of rupees. The profits on the working of the college for the years 1922-23, 1923-24 and 1924-25, were approximately Rs. 23,000, Rs. 36,000 and Rs. 45,000 respectively, while the expected profit for the year 1925-26 is about Rs. 4,000. The Government grant amounts to Rs. 53,418 per annum. The large surplus during the year 1924-25 was due mainly to the fact that two members of the staff, Mr. Leslie Jones and Mr. Fanshawe, were on leave for a great part of the year. Their leave allowances are met by the Government of India and not by the college authorities. The small surplus expected on the working of the college during 1925-26 is due to two causes. One officer alone Mr. Madden will, for only a portion of the year, be on leave while additional payments have to be made to the European members of the staff in the shape of increased overseas pay together with arrears of overseas pay.

The result of having all four European members of the staff fairly senior in a cadre of I.E.S. officers is that the establishment pay bill is heavy.

**Staff.**—The majority of the members of the staff, European and Indian are Government servants. There are four European members. In a large College of this kind, which offers educational facilities aiming ultimately at a University graduate standard and whose students, ranging in age from 7 to 24, are divided for residential purposes into 17 houses and for instructional purposes into 12 classes this number appears to be the minimum number which can efficiently carry on the work. Instruction in English alone up to the standard desired in the College apart from any supervisory, administrative or other instructional activities should occupy a large portion of the time of the European Staff employed.

**Strength and accommodation.**—The College now has 138 students divided as follows:—

|                             |     |     |     |     |     |     |     |

While the strength went up to nearly 200 some years ago-about 1911 yet the Principal considers that the present strength is sufficient if undesirable crowding is to be prevented. It is true that with the smaller number of students more individual attention can be given but I am inclined to think that the Principal is rather conservative in his estimate of the capacity of the College. The strength decreased from 1911 till 1921 when it was below 100, it has however, increased during recent years.

**Boarding.**—A house system is in force in this college, various houses, separate buildings, 14 in number, holding any number of students upto about twenty, being maintained by the States from which the kumars come. In addition boarders are taken at the residences of the Principal and the Senior Assistants. As a kind of house master, a Motamid is appointed by each State subject to the approval of the Principal of the College. These Motamids reside in the houses, there being usually one to each house. Two questions were raised in my mind during and after my inspection. The first was whether the supervision exercised by Motamids over the kumars, is adequate, effective and of the right kind. The second was whether the kumars are subjected to a sufficiently effective discipline in their boarding or house life.

A system of boarding houses with boys of largely varying ages, the youngest boy in the College is about 7 years of age while the oldest boy is nearly 24 years of age appears to be fundamentally wrong in a scheme which aims at training youths according to the lines of life in a public school. It can be justified if a family home life is associated with it. The boarding house system, at the Mayo College, however, does not, except in the Principal's house, have a family home life associated with it. There are no arrangements for the kumars dining together, not even those belonging to the same house. The value of the training at the Mayo College is in consequence diminished. The present system appears to me to tend towards exclusiveness and a consequential lack of breadth of outlook; it is difficult, however, to suggest, in view of the traditions and customs of the students and of this College, any satisfactory change which would be practically possible. The question of the Motamids is, I understand, receiving the attention of the General Council of the College, but a common mess, one only for each house, cannot be introduced in face of the social customs prevailing, while the separation of the older students who are grown up men, and of the younger boys, from the real secondary school students who form the bulk of the residents is scarcely possible in a system of state houses, without some mutual arrangement between two or three States.

**Athletics.**—Many of the kumars ride. Some play polo and the college has a cadet corps. This is an interesting and useful side of the college life.

**Religious training.**—Most of the kumars are Hindus and religious instruction is given in the houses.

**Vernacular and Medium of Instruction.**—We are faced in this college as in other Chiefs Colleges with the vernacular difficulties. Kumars, speaking in their homes no common language or dialect, are collected here from various parts of India where various languages and dialects are spoken. All kumars are taught English. The majority are taught the subjects of instruction in the lower classes through the medium of Hindi though some have to receive instruction through Urdu and some through Gujarati. In the upper classes English is the medium of instruction. The kumars all understand Hindi and English. A system, however, which does not make any provision for instruction in the vernacular which the boy speaks in his own home cannot be considered as educationally perfect but I see no practicable means of getting over this difficulty. Some of the languages or dialects spoken by these kumars in their own homes have, however, very little literature and appear to be scarcely worthy of very serious study. Their neglect is thus not a very serious matter. Although one object of their instruction is to make them good bi-lingual scholars in English and in one other tongue mainly Hindi, the kumars are most multilingual.

**English.**—Conversational English throughout the College is generally good, quite a high standard being reached. The Diploma class was, however, unfortunately weaker than one expects the highest class in the school to be. The Principal is of opinion that the class is much below the average of a diploma class. It is certainly not upto the average

which is expected, taking into consideration the relatively high standard reached in some of the lower classes of the college. Considerable improvement is possible in pronunciation and in enunciation. Greater insistence on opening of the mouth while speaking is desirable. An elementary course on phonetics would be a great advantage to these students. It is doubtful whether they receive sufficient practice in using complete simple sentences and whether they grasp fully the meanings of some of the words which they use but which do not occur in the English text books which they are studying.

**Science.**—A suitable but quite elementary practical course is carried out in the Diploma class, the college being provided with very nice science laboratory accommodation. I think, however, that the boys in this class after undergoing practical work for four years, should be able to write down at once the total weights which they use on a balance instead of writing down individually the separate weights and adding them up in their note books. The very elementary methods of work which are suitable when practical work is begun are to be superseded by more difficult practice as the students advance.

**General knowledge.**—The general knowledge of the Diploma class is not very extensive. The kumars did not show that they had a sound grasp of the constitution for the governance of India or of the chief functions of the bodies included in the present constitution. It would be advantageous for these future rulers of States to have a sound knowledge of India in all its aspects.

**Post-Diploma Course.**—The Post-diploma course is financed entirely by special contributions from the ruling princes. There is only one student in the highest class and the standard reached is scarcely up to that of a satisfactory university degree. A class of a single student is scarcely ever satisfactory. The spirit of emulation is absent.
